Project Description:

The Todo App is a web application that allows users to create and manage their daily tasks or to-do lists. Users can add new tasks, mark tasks as completed, and delete tasks. The app provides a user-friendly interface and uses JavaScript, HTML, CSS, and Bootstrap for its implementation.

Technical Architecture:

Project Objectives:

By the end of this project, you will:

- Create a responsive and interactive user interface using HTML, CSS, and Bootstrap.
- Implement functionality to add, complete, and delete tasks using JavaScript.
- Provide filtering options to view tasks based on their status.
